

# ALEX DA CUNHA MARROIG

## PMP, PSM-I

### PROFESSIONAL SUMMARY

Certified Project Management Professional (PMP) with 9+ years of experience building and scaling B2B SaaS, AI-driven platforms, and data-rich products across technology, healthcare, pharmaceuticals, manufacturing, and enterprise environments. Proven track record of leading initiatives from idea discovery to MVP, with a strong focus on zero-to-one products, automation, and AI-powered insights.

Deep expertise in project management, product strategy, hypothesis-driven experimentation, customer discovery, translating complex operational and behavioral data into simple, high-impact solutions that unlock new value streams. Comfortable operating in ambiguous, experimental contexts, rapidly validating assumptions and iterating based on real customer feedback and data. **Experienced in** fully remote, async-first environments, **partnering cross-functionally** with engineering, data, design, and business stakeholders. **Recognized for a hybrid profile that combines** strong technical fluency, strategic thinking, and execution discipline, **enabling the delivery of scalable, AI-enabled products aligned with business outcomes.**

### EXPERIENCE

#### Inbenta | São Paulo, Brazil

December 2024 - Present

Onboarding Tech Manager/Delivery Manager

- Leading technical onboarding projects for AI-based conversational platforms and semantic
- Own product discovery, execution, and delivery for AI-powered conversational and semantic search solutions in a B2B SaaS environment.
- Identify new product opportunities by analyzing customer behavior, operational data, and usage patterns across AI platforms.
- Design and validate AI-driven features and automations, transforming raw data into actionable insights and workflow improvements.
- Lead hypothesis-driven MVPs, rapidly testing assumptions with customers and iterating based on feedback.
- Define roadmap priorities aligned with business goals, working closely with engineering, data, and design teams.
- Act as primary product interface with enterprise customers, ensuring continuous validation and value delivery.
- Operate in a fully remote, async-first setup, leveraging strong written communication and documentation.

#### Smurfit WestRock | São Paulo, Brazil

May 2024 - November 2024

Project Manager

- Delivered a successful HR technology implementation project, integrating systems such as ServiceNow, chatbots, and electronic signature to automate workflows, reduce manual tasks, and improve data accuracy.
- Successfully implemented a key user training program, optimizing Order-to-Cash processes and fostering a culture of continuous improvement. Through the implementation of a robust knowledge management system, standardized processes, and significantly reduced operational costs, including IT support tickets.
- Implemented successful automation of manual operations in quality control, developing workflows in Power Automate, SQL, and VBA, optimizing processes and significantly reducing the margin of error.

### COURSE AND CERTIFICATION

#### 1. Project Management Professional (PMP)

Project Management Institute - Dec/2023

#### 2. The Professional Scrum Master™ (PSM I)

Scrum.org - Sept/2023

#### 3. Green Belt - Six Sigma,

Master Método - Oct/2023

#### 4. Product Management,

PM3 - Oct/2023

### SKILLS

- Multidisciplinary Management
- Process Improvement (Six Sigma)
- Agile/Scrum/Lean/Waterfall
- Strong creative thinking
- Product Management
- Strategic Planning
- Software Development Lifecycle
- AI Product Management & Automation
- Zero-to-One Product Development
- MVP Definition & Delivery
- Product Discovery & Customer Validation
- Hypothesis Testing & Experimentation
- Data-Driven Insights & Analytics
- B2B SaaS Platforms
- Cross-Functional Leadership
- Async & Remote Collaboration

### SOFTWARE SKILLS

#### Project Management Softwares

MS Project, Primavera P6, Project Builder, Asana, ClickUp, Jira, Trello, Miro, etc

#### Daily Business Applications

MS Office, SAP EC 6.0, Service Now

#### Data Visualization

Power Bi and Tableau

#### Tech Skills

## **Notredame Hapvida | São Paulo, Brazil**

January 2024 - April 2024

Project Manager

- Led an initiative to improve IT governance by structuring information security policies. This effort ensured compliance with the LGPD, strengthened security controls, and enabled robust access management. Additionally, I implemented internal profiling to monitor and control individual employee access, enhancing overall data security within the organization.
- Implemented access management processes and automated HR-related tasks.
- Managed projects aimed at streamlining special cases and optimizing verticalization processes.
- Successfully structured a new call center, resulting in increased agility and reduced operational costs.

## **Hypera Pharma | São Paulo, Brazil**

January 2022 - August 2023

Project Manager

- Project coordination for the technology transfer of pharmaceutical portfolios from other pharmaceutical companies (Takeda, Sanofi, and Boehringer Ingelheim).
- Defined product vision and execution roadmap for a greenfield operational environment.
- Serving as a focal point (key account) in managing alliances with pharmaceutical companies (Takeda, Sanofi, and Boehringer Ingelheim). Resolving supply problems (S&OP), quality deviations (Quality Assurance/Quality Control).
- Coordinating a pharmaceutical factory integration project, required project teams from all company departments due its size. This project involved early licensing to ensure operation on day one, SAP EC 6.0 roll-out, implementation of over 30 satellite applications, 200 employee transfers, alignment of culture/procedures from two different pharmaceutical companies, encompassed the configuration of end-to-end network architecture, successful VPN deployment, seamless connectivity, and efficient voice communication throughout the entire factory. etc.
- Developing schedules for the integration project across all business areas, providing status reports to the Board of Directors (C-levels reports), structuring decision points, and presenting resulting financial scenarios to the executive leadership.

## **Internal Recognition**

- Promotion within 6 months for outstanding performance in service to the company.
- Achieving 100% of the target in one year of work.

## **Sandech Consultoria de Engenharia e Gestão | São Paulo, Brazil**

November 2020 - January 2022

Project Manager

- Managed over 30 projects in diverse industries including refineries, fuel distribution plant, and food manufacturing plants, as well as technological innovation projects, leading earn for the company over R\$2Million
- Led project teams ranging from 3 to 20 members simultaneously, ensuring effective coordination and collaboration
- Controlled project milestones and deliverables at all stages, from planning and development through quality control and final review
- Assessed project parameters and client expectations to provide consistent status reports and to proactively address potential delays or constraints
- Interacted with clients throughout projects to present updates, incorporate feedback and redirect concerns.

## **Sandech Consultoria em Engenharia e Gestão LTDA | Rio de Janeiro, Brazil**

November 2016 - November 2020

Mechanical Engineering Project Leader

- Developed methods to analyze project management and project delivery risks
- Liaised with project stakeholders concerning project details and deliverables
- Facilitated communication and collaboration with suppliers and clients
- Prepared engineering documentation (R&D, Piping Plant, Isometrics, etc.)
- Developed Financial Planning, Budgeting, and Project Schedules
- Managed Health, Safety, and Environmental requirements.

API, MySQL, CSS & HTML, Fortran, Google Analytics, Power Apps/Power Automate, NLP, RAG, SAP, ServiceNow

## EDUCATION

**Master of Business Administration (M.B.A - Project Management)** July 2019 - July 2020  
Fundação Getúlio Vargas, Rio, Janeiro, De, Brazil

**Bachelor of Science (B.S - Mechanical Engineering)** September 2010 - December 2016  
Universidade Federal Fluminense, Niteroi, Brazil

## ADDITIONAL INFORMATION

- **2019 Professional Excellence Award** from Sandech Consultoria for contribution and services.
- **2018 Professional Excellence Award** from Sandech Consultoria for contribution and services.
- **Recognition by Petrobras** UTGCA's SMS for second place in SMS audit performance and achieving 535 accident-free days (2018).
- **Exchange Program - Science Without Borders** - BEng and MSc in Mechanical Engineering - Brunel University London Period: 06/2015 to 09/2016
- **Work and Travel Program - Lifeguard at Fort Rapids Indoor Waterpark Resort**, United States Period: 11/2011 to 03/2012
